Hello Everyone,

It's that time again! The June edition of our Newsletter is here!! Last month I said I was looking forward to the ACM, Esme Young and the singing of Jerusalem. Well, the members gathered in Kings House, some with guests, who were very welcome, and the singing of Jerusalem was indeed Magic.

The business side of the meeting went very well with the various presentations from Diane Sanbrook, Dot Wigg, and myself. Then the "Gremlins" took over!! Our guest Speaker Esme Young, renowned fashion designer and a judge on 'The Sewing Bee', was introduced and began her presentation. It then became apparent that there

were problems with the video presentations that had been provided by Esme's team. The technician was unable to find or open the presentation. My worst nightmare began! The day was saved by Esme's ability to communicate with her audience with a degree of satire. This photo says it all—what the heck is going on!!!

Her performance and interaction with fans was brilliant, thank goodness. I cannot begin to imagine what we would have done if she had thrown a wobbly and left the stage. I felt that the audience of WI ladies warmed to her immediately and the question-and-answer session that followed was brilliant. Esme held her own, even at the end of the afternoon, and spent the best part of an hour talking to members and signing books for those queuing up to meet her.

It is difficult to put into words how disappointed your Board of Trustees felt at this moment. We were so pleased to retain Esme for the afternoon; we worked hard as a team to ensure everything was in order, to then be let down by a problem that was not of our making has been very hard to take.

Esme in full flow . . .

However we needed to continue and our other guest, Jane Whitbread had a presentation for us on the 'School Readers Project'. A positive to take away from this aspect was that we were there in the beginning of this project and had fed the need for school readers out to our members and several became involved in their local school.

I end this Chat with a more positive outlook. We have received many more favourable comments from our members than the very few negative ones; so many of you enjoyed the informality and meeting of Esme! For that we are very grateful amidst our disappointment. Thank you all for your support, onward and upward as the saying goes!!!

My very best wishes to you all! Elizabeth

CHRISTMAS TREE FESTIVAL St. Paul's Church Bedford

Wednesday 4th December to Sunday 8th December

The theme for this year's Festival is "The Magic of Christmas".

Each year you support us in our endeavours to decorate the tree; following the event, all that you have made is then brought back to WI House and used to decorate the members' Christmas Tree. Then it all goes into storage ... can you imagine how many of your beautiful offerings are contained in the Attic!!! This year a different idea :

We are asking you to make "Santas" in any medium. They could be knitted, crocheted, felt, sewn, origami etc. the one issue to be aware of is size, no taller or wider than 10cm, and as light as possible. This is because of the weight on the tree branches!! Following the tree festival, we thought we would give the Santas to charity or the wards at the hospital or such like. I hope this will meet with members' approval. Here is another Santa picture to give you ideas for something different.

Closing date for receipt of the Santas at WI House is **Monday November 25th 2024** and the Tree Festival will be held in the church from Wednesday 4th December to Sunday 8th December.

Great Big Green Week 8th to 16th June 2024: Please do let us know if your WI is celebrating the above event in any way. I am aware that Bedford WI holding a swishing event during the Big Green Week. The Biddenham Group who will have an Afternoon Tea during that week are going to have a 'Green Theme' and are hoping all members attending will be wearing an item of clothing in Green!

Next Year I hope we have with your help, a new Federation banner to display! The picture on the right is just an example of what we are looking for. The Hearts to be 4" by 3" please! They will be placed around the edge of the Banner to form the border. It can be any colour of **GREEN**, and any material that you think appropriate. One tip I would offer at this point is that a little backing makes a firmer heart. The Banner will be made to look like a window with several panes. The centre pane being a Stewartby chimney with smoke issuing forth! This is still work in progress, we will be sending out to you further information along with a cardboard template heart for size purposes. We would also like to have your WI Name Embroidered across the middle. Green Hearts also link to the "Show the Love" campaign on February 14th each year. What with Hearts and Santas, you are going to be busy ladies!

The Higgins & Panacea Museums The visits to these Museums have proven very successful. We had already completed the main event, and last week the "waiting list" members paid their visit. The Higgins tour is based around various displays of industry that has taken place in Bedford over the years and we also saw some of the rooms of the house it formally was, still furnished from a bygone age. Lunch in the Pantry gave us a little rest, before walking across to the Panacea Museum. Here again, so much history in Bedford. This was a thought-provoking visit, bringing to mind the word 'cult', but also an understanding of how these events in history gain legs and word spreads. These issues happening here in little old Bedford!!! The house itself is again furnished in the 1920's style. The gardens were absolutely splendid, so to finish our visits we all sat in the garden for tea and cake!!

I regret that due to lack of space in this issue, the Editor couldn't find space for pictorial reminders of this wonderful day but she promises to find space to really do them justice in the next issue!

Following the success of these visits we have taken an idea from a member for our next museums trip; next year we shall visit the Glen Miller Museum at Clapham and the Twinwoods Aviation Museum!!

Chicken Scratch in March

Avid concentration!

We recently had a chicken scratch day at WI House, arranged by Jennifer and Rosemary, and we thank them very much. It was a great day, enjoyed by all members who attended. Julie from Westoning & Rita, a Trustee, very kindly sent pictures of their finished cases. If you have any pictures you'd like to share with us please send them in. We are holding a crochet course shortly and hopefully we can show you some of those results. Many thanks, once again, Liz

Biggleswade (Morning) held its monthly meeting on Monday 15th April. Our Speaker was Pauline Roby who gave a workshop on Singing! She got all our 49 members who were at the meeting to arrange their chairs in a semicircle and before we knew it, we were all singing - well most of us were, those who could remember the words! We had a very enjoyable morning and deserved our cups of tea at the end of the session.

Caddington had great fun in the kitchen at Heathfield in April on St Georges Day, Chris made her now famously successful bacon rolls. There were cakes and pastries too; thanks to Carol Jones and Kay Palfrey for organizing. Our local AmDram team put on a great drama The Ladykillers. The scenery, lighting and actors were very funny. A lot of work had been put into the props. Well done. Our Speaker for May was Ava from the Bedfordshire Fire Service. She gave an amazingly helpful talk on safety in the home, The many dangers that go unnoticed but could be simply rectified by a Safety visit from the Fire Service was offered to all. There was so much more than this space allows, so other WIs would benefit from booking this speaker! For our meeting in June we will be having a Quiz and the competition will be the prettiest perfume bottle.

On Monday 15th of April between the hail showers, **Caldecote** met to plant a Sweet Chestnut tree. The WI Coronation Tree had been carefully grown and nurtured by Josie from a seed collected from Windsor Great Park. The picture (right) shows Janette, Beryl, Linda and Jenny (committee members) standing in front of the tree, battling the wind. Afterwards members of the WI gathered in a nearby stable to celebrate with prosecco and scones!

In April **Northill & Ickwell** had a wonderful talk from Frances Carlaw (The Pearl Lady) who spoke to us about Pearls & The Art Deco. This is the third time she has visited us, and it is always a joy to listen to her stories about the pearls, and peruse and buy her beautiful pearls and jewellery. We opened the meeting to other local WIs and had guests from Arlesey, Upper Caldecote and Potton. It was truly a very jolly evening.

Wymington & Podington WI were entertained by four members of The Sealed Knot in full costume from the era of The English Civil War. The Sealed Knot is the oldest & largest re-enactment society in Europe. They explained how The Sealed Knot brings history to life by staging events throughout the country all year round, offering a chance to experience at first hand the horrors of a nation at war with itself, as well as providing a glimpse of everyday life in those days. We were shown some of the weapons used and told how dangerous they were, even to the person using them. It was interesting to find out that uniforms for soldiers had been non-existent up to The Civil War and flowers or leaves were often fixed onto helmets to show which side you were fighting for. Shoes were also provided as part of the uniform and were made very close to home in Northampton. Finally, we learnt that many of the sayings we use today originated during that era. For instance, 'keeping your (gun) powder dry' – a matter of life and death during battles. Also 'pin money' as pins were used to hold together women's clothes instead of zips and buttons. A good start has been made on our Scrapbook Challenge entry.

At **Ravensden** each event is a chapter in our vibrant community tale. At our April AGM our Chair, Maureen Brewer, whisked us through a whirlwind of memories from the past year. From the gripping tales of Colin Hill, the retired police officer with secrets from unnamed members of the royal family to Delphi Ellis's mesmerising exploration of dreams and sleep, and who could forget David Hopkins's side-splitting ventriloquist act that brought Elvis back to life! Yes, you heard that right – Elvis graced our humble village hall! Last summer, we transformed a member's garden into a delight of strawberries and Prosecco, whilst others ventured to Ascot with the Sharnbrook Ladies Group. There were lively debates about the merits of hats versus fascinators. And oh, the feasts we shared – from a cosy birthday dinner at The Horse and Jockey to a rollicking Christmas bash in our Village Hall, where laughter echoed like sleigh bells in the winter night. Yet, amidst the revelry, our hearts beat for more than just merriment. We rallied for causes close to our hearts, raising £842.00 at our Macmillan coffee morning and donating 70 kg of provisions to the Bedford Food Bank. And who could forget the 85 handcrafted poppies, lovingly sent to Normandy to honour the heroes of D-Day?

But the fund raising didn't end there. At our Christmas Fayre, we raised money to keep the flames of Ravensden WI burning bright – ensuring captivating speakers, lively gatherings, and the chance to savour a glass (or two!) of wine at all of our meetings. So, as we turned the page to another year, we raised our glasses to friendship, laughter, and the indomitable spirit of Ravensden WI!

Our April meeting at **Dunstable** was a special one, when all the members took over and ran the evening as a 'Thank You' to the committee. We all received a gift and food was supplied by the members. Our speaker was Ann Ledger who spoke about 'Whipsnade Zoo and Park' and how she came to be involved. To start with in 1926, when Sir Peter Chalmers bought the derelict Hall Farm on the Dunstable Downs, he was interested in the conservation of animals which could become lost to all. During World War II things became very difficult and whilst the Land Army helped out, the elephants played their part by helping local farmers. At that time, the famous white lion had to be camouflaged, whilst now there are volunteers who help to clean it up and put on more white chalk each year so it is visible for all on Dunstable Downs.

At **Kempston Rural** our speaker was Robert Brewer, a former police officer with Thames Valley police, who now works as a supporting artist – or film extra as we would know it. He was an entertaining speaker, although we didn't recognise many of the films he talked about.

In May, **Leighton Buzzard Riverside** welcomed Michael Peachey, a well known artist. He showed us some of his excellent portraits including Paul O'Grady and Sid James. He spoke about his work as an art therapist working with Head Start to help patients suffering from head trauma and the difficulty of raising funds to keep his local centre open. The aim of the evening was to do a collaborative painting of a seashore with the members; and some members were very enthusiastic to show off their artistic prowess. He showed us how to create 3D effects using an old t-shirt, etc. The only downside was that he didn't let us keep our masterpiece!!!

On 2nd May, **Houghton Conquest's** speakers were Penny and Peter Berrington with their lovely black Labrador Pyke. They are volunteers for the charity Canine Partners, and told us that the puppies go to foster people when they are eight weeks old until just over a year. They are socialised and got used to all sorts of different places and occasions. After that time they go to the official trainers who teach them how to open doors, take off gloves and coats and many other things that a person in a wheelchair might need help with. They are then paired up with someone depending on their needs. Penny got Pyke to show us all the things he is able to do, such as picking up a credit card on the floor, giving pegs and clothes out of a washing basket, and many other things. This was a wonderful demonstration and everyone enjoyed the evening.

At **Wilstead**, the fun part of the evening was trying to complete jigsaw puzzles, borrowed from W.I. House. These proved to be extremely difficult and not one table of members managed to finish the puzzle by the end of the evening! Some had completed the edge, others had worked on the middle, but great enjoyment was obviously being had by everyone as nobody wanted to stop for refreshments! The monthly raffle was held, with one prize being a jigsaw puzzle! A coach had taken members and friends on a shopping trip to Springfields where many bargains had been found. Although the weather was a little chilly, it proved to be a most pleasant day out. We are looking forward to our next trip, to be held in June, when we are due to visit Hunstanton. A further trip has been organised, to the Cotswolds, in August. A small group of members have started work on our scrapbook entry.

In April, **Henlow** held their Annual Meeting and enjoyed looking back through photos of the last year with a glass of wine and refreshments. We have done so much! President Alison has been in her position for a year now and our membership has grown significantly, so she spoke to members about her life, including being in the WI and being a florist and college lecturer. She made two table arrangements as she spoke, demonstrating to us how she makes them for our parties. These were then prizes in our raffle later that evening. We also had Sue Pestell visit us from County as part of our official business, and we re-elected our committee members. Unfortunately our monthly walk was called off by rain but some members still managed to make it to the pub for a drink! At the end of the month, 18 members met at our local pub restaurant for an evening meal, and a lovely time was had by all.

RIVER FESTIVAL 20TH & 21ST JULY: Patterns to make butterflies & sunflowers were sent out in a recent email to WIs. Your sunflowers & blue butterflies in any medium should be delivered to WI House by Thursday 29th June latest. And a reminder:

Sunflower & Butterfly Making Day on 20th June, 10am-3pm at WI House: Social get-together on Thursday 20th June for members to pop in to make sunflowers & butterflies. Please bring your knitting needles or crochet hooks or other crafting items together with a packed lunch! Tea and coffee will be provided.

MEET THE TEAM

The Members of the Board and MAC (Members Advisory Committee) would like to get to meet more of our members and be available for you to come and ask questions or just chat!

They have decided to meet at different garden centres around the county. These will be very informal gatherings, just like a coffee morning. To kick us off, the first meeting will be held on **15th July 2024 at Poplars Garden Centre, Harlington Rd, Toddington, Dunstable LU5 6HE at 11am.**

Why not come along for a chat over a cuppa to meet Committee & other WI members from your local area.
